The Opioid Addiction Crisis in the Northern Shenandoah Valley

A Community Response
Objectives

• Overview of the Problem
• Formation of the Northern Shenandoah Valley Substance Abuse Coalition
• Roles of key system representatives, community mental health organizations, and outpatient treatment centers
• Suggestions for sustainability
The Story We Want to Share

The Northern Shenandoah Valley Substance Abuse Coalition

- A dynamic, multi-disciplinary collaboration of law enforcement (prosecution and defense resources alike), health, child welfare, family courts, county and city leadership, and community members impacted by the crisis of heroin and opiate addiction

- Has brought together a diverse set of local, community partners that work collaboratively across disciplines to respond to a public health crisis in the Valley contributing time, talent and treasure
Our Community’s Reality
“We cannot arrest our way out of this problem.”

Community Leadership Summit Action November 18, 2014
Mission and Vision Statements

**City of Winchester:** To provide a safe, vibrant, sustainable community while striving to constantly improve the quality of life for our citizens

**Frederick County:** Insuring the quality of life of all Frederick County citizens preserving the past and planning for the future

**Valley Health:** Serving our Community by Improving Health

**Shenandoah University:** SU educates and inspires individuals to be compassionate citizens who are committed to making responsible contributions within a community

**Northwestern Community Services:** To help people through life’s challenges with quality behavior health services guided by principles of respect, recovery and self-determination.
Substance Abuse
November 2014 Summit

• With critical support and expertise from Casey Family Programs, we pulled together 100 local decision-makers and stakeholders in the community to address this public health crisis:
  – Law enforcement, Health Care, Judiciary, Government, Community Service Board, Educators, Social Services, recovery community, private substance abuse and mental health providers, non-profit organizations, and concerned citizens
Substance Abuse
November 2014 Summit

• The participants were presented with key data highlighting the community-wide effects of opioid and heroin addiction in our community

• Launched The Road to Recovery website with information and links to community resources for treatment and help (www.roadtorecovery.info)
Adopted Desired Future State:
By January 1, 2017 the Winchester, Frederick, and Clarke community will have a comprehensive coordinated approach to the prevention, treatment and adverse societal impact of addiction, as evidenced by:
• A decrease in mortality from overdoses
• A decrease in the incidence of substance exposed infants
• A decrease in the incidence of children needing social services intervention due to parental/caregiver addiction
• A decrease in the incidence of crimes attributable to addiction
Substance Abuse

Strategic Planning Retreat
March 2016
Mission

The Northern Shenandoah Valley Substance Abuse Coalition will collaborate with community partners to take the lead in identifying and developing effective resources to ensure that the necessary continuum of care for substance abuse and addiction services are available to all members of the community.
Vision

Working together to overcome the grip of substance abuse and addiction.
Areas of Strategic Focus

Desired Future State

- **Prevention**
  - Creating a new community norm
  - Age-appropriate and situationally-appropriate education offered to all longitudinally

- **Treatment**
  - Treatment that is financially and geographically accessible in a timely manner
  - Client-focused individualized treatment with family/supports

- **Recovery**
  - Resources are available to anyone with a substance use disorder who reaches out to NSVSAC members
  - Robust Peer Recovery Coach program

- $18,200 – Rotary Club Grant to support the Peer Program
- $350,000 – BJA Drug Court Implementation Grant
- $100,000 – HIDTA Funding for Treatment
Key Drivers of Early Success/
Lessons Learned
Strategies to consider
Key Drivers of Early Success/ Lessons Learned

Strategies to consider

• Engage and educate the Community/Leaders
  • Collect and share the data
  • Put a face on the crisis
  • Shine a light on the hope of recovery

• Education Strategy
  • Providers of Healthcare
  • Elected Leaders
  • Public
Key Drivers of Early Success/ Lessons Learned

Strategies to consider

- Addiction is a disease. This is a public health crisis.
- Establish a multi-disciplinary, cross-systems approach
- Establish realistic and concrete goals
- Share the issue through the media whenever the opportunity arises
- Include the Recovery and Faith based communities early
Stakeholders can…

• Contribute time, talent and treasure to the community effort
• Champion the community’s understanding of the disease of Addiction
• Educate providers and the community about the appropriate use of opioid analgesics
• Champion the community Drug take back programs
• Facilitate education and community access to Naloxone
• Help assess and address unmet needs in the continuum of care in the community
The work has just begun, but imagine what we can do by working together.
